LONDON'S TIDAL LOCKS

This leaflet contains information on lock availability for boaters wishing to use tidal locks at Limehouse, Brentford and Bow or access the West India Dock Entrance Lock in the Isle of Dogs. It provides predicted tide times which will help boaters plan safe passage, and lists telephone numbers for lock booking or further enquiries.

The tidal locks at Bow, West India Dock, Limehouse and Thames Lock at Brentford can only be passed when British Waterways staff are in attendance. Lock availability times are listed in this leaflet.

ESSENTIAL BOOKING INFORMATION FOR TIDAL LOCK USERS

All boaters are requested to contact the appropriate lock office to give at least 24 hours advance notice of their journey. Bookings can be made seven days a week between 8 am and 4 pm. If leaving a message please leave the date and time of your call, a contact name, the boat's name and a telephone number we can contact you on. Please also state which lock you would like to use, the direction in which you will be travelling and date and time locking is required. You can also email British Waterways with this information at london.lockbookings@britishwaterways.co.uk

All bookings must be confirmed with lock office staff who will also be able to advise boaters on local conditions that might affect their journey.

The majority of locks on waterways in the London region are self-operated using a windlass; some are also fitted with security locking devices and a few locks are electronically operated, for which a BW key is needed. Windlasses and keys can be bought from most British Waterways London offices.
